

MobiMed Release Notes 4.56

Software part number: [490212615](#)

Software build number: 4.56_2021.06.18.1

Release Updates

The following are implemented in 4.56:

1. Change Requests implemented
2. General changes and improvements
3. Fixes

Change Requests Implemented

SCASFT CCN SC310 Removal of printers (12579)

Improvements to load external receivers from file.

SWASFT CCN SW2.001 - Safeguarding (11275)

Implementation of feedback and problems from end-user engagement and go-live

SWASFT CCN SW2.014 - Referral automation phase 1 (12836)

Implementation of automatic referrals to GPs. A mechanism was built to give the user information that a referral was indicated and give them the possibility to decide how to share the information with the GP. In case of death, the referral would be done for information in all cases.

Automated referrals will be sent for:

GP referral

Bramble Surgery

Send referral for action Send referral for information Do not Send

Send Cancel

SWASFT CCN SW2.024 - Invasive BP and Temp V2 (12854)

The possibility to use invasive BP and temperature from the Zoll AED in MobiMed was added

SWASFT CCN SW2.039 - Anonymized viewer (12862)

Added a web-based tool for accessing the anonymized reports. The reports are identified by searching on an incident number. When the correct record is identified and selected the correct anonymized report is shown.

SWASFT CCN SW2.052 - Archive searching (12856)

Updates to viewing historical records. Now the number of available records is shown on the button so that the user doesn't have to open the dialog to know if there are any historical records.

Search Archive ePRs

Number of archive records available: 272

NIAS - ePCR updates after feedback (12170)

Functionality from the 4.55.1 patch was added to the main branch. Changes consists of amendment to NIAS ePCR regarding ATMIST report, the algorithm of indication of sepsis, etc.

Vestreviken - ePCR changes (12593)

A few updates on the customers ePR configuration

Integrate with Bexen Cardio AED (11313)

A new plugin for the Bexen Cardio AED has been implemented.
